

## Addiction Resources from the National Library of Medicine and Connected Sites

### Drug and Addiction Information and Tools for Consumers and Healthcare Providers

- Opioid Abuse and Addition from MedlinePlus - Contains links to the following Current News, Diagnosis and Tests, Prevention and Risk Factors, Treatments and Therapies, Clinical Trials, Journal Articles, Find an Expert, Statistics and Research, NIH MedlinePlus Magazine  
<https://medlineplus.gov/opioidabuseandaddiction.html#cat69>
- MedlinePlus - links to health information from the National Institutes of Health and other federal government agencies. MedlinePlus also links to health information from non-government Web sites. See MedlinePlus.gov disclaimer and quality guidelines  
<https://medlineplus.gov/criteria.html>
- Drug Information Portal from National Library of Medicine. Enables user to search for information by audience and by class of drug  
[https://druginfo.nlm.nih.gov/drugportal/jsp/drugportal/drugResourcesByCategory.jsp?APPLICATION\\_NAME=drugportal](https://druginfo.nlm.nih.gov/drugportal/jsp/drugportal/drugResourcesByCategory.jsp?APPLICATION_NAME=drugportal)
- Toxicology Data Network  
<https://toxnet.nlm.nih.gov/>
- DailyMed - contains 95092 drug listings as submitted to the Food and Drug Administration (FDA). At the present time, this Web site does not contain a complete listing of labels for approved prescription drugs.  
<https://dailymed.nlm.nih.gov/dailymed/>
- PillBox - Handy tool for identifying a pill that is found.  
<https://pillbox.nlm.nih.gov/pillimage/search.php>
- National Institute on Drug Abuse – Easy to read drug facts, for example, types of drugs people use, what is addiction, effects of drugs, recovery and treatment, how to prevent drug use. Videos are available and site available in Spanish.  
<https://easyread.drugabuse.gov/>
- CDC page on drug overdose - Basic information for patients and providers about opioids, data, CDC Guidelines for prescribing Opioids for chronic pain  
<https://www.cdc.gov/drugoverdose/prescribing/resources.html>
- Substance Abuse and Mental Health Services Administration (SAMSA)  
<https://www.samhsa.gov/>

<https://nnlm.gov/gmr>

This project has been funded in whole or in part with Federal funds from the National Library of Medicine, National Institutes of Health, Department of Health and Human Services, under Grant Number 1UG4LM012346-01 with The University of Iowa.

- Gallery of Mobile apps, for example, AIDs Info Drug, TOXNET  
<https://www.nlm.nih.gov/mobile/> -

## Addiction Information Geared Toward Teens

- Above the Influence. This site and many of the Above the Influence ads that you see were originally created as a part of the National Youth Anti-Drug Media Campaign, a program of the Office of National Drug Control Policy. Above the Influence has since transitioned away from federal oversight (as of March 2014), and is now a program of the non-profit Partnership for Drug-Free Kids. The campaign was, and continues to be inspired by what teens have told us about their lives, and how they deal with the influences that shape their decisions.
