

# How to access the *new* [Public Health Digital Library](https://nphco.tdnetdiscover.com/) website

## In your office or accessing your office's network by VPN?

- No need to login - access to the centralized version of the PHDL at <https://nphco.tdnetdiscover.com/> is based on your PHD's IP.
- Full access to the PHDL e-resource list and full text articles
- Ordering articles is easy! Link to your PHD's Partner Library for access to their document delivery system

## Outside of the office or your offices IP range?

- Users who are working outside your offices network (IP range), can now login to the new Public Health Digital Library website using your *Public Health Department's email address*.

Creating an account is easy! Go to the new PHDL website at <https://nphco.tdnetdiscover.com/>

1. Click on the blue '**register here**' link below the login button.

## Public Health Digital Library

Login

In order to continue you need to login.

[Log in](#)

The Public Health Digital Library uses OpenAthens for access. If you do not yet have an OpenAthens account, you can [register here](#).

Having trouble logging in? Please email the phdl at [phdl@umassmed.edu](mailto:phdl@umassmed.edu)

2. Link will take you to a 'NPHCO Remote Access Self Registration' page. Type in your First and Last name, *work email* address and select your Public Health Department.

NPHCO Remote Access Self Registration

Use this form to register for a remote access account provided by the National Public Health Coordination Office (NPHCO). This account can be used when you are not in the office and want to access the resources in the Public Health Digital Library including full text articles.

Please use your work email address to register. Selecting your Public Health Department from the list below will activate the document delivery system for your Public Health Department.

Please note that all fields marked (\*) must be completed.

PERSONAL INFORMATION

First Name \*

Last Name \*

Email Address \*

Organization \*

3. Watch your email account for a message from OpenAthens. The email will contain an activation link to authenticate your OA login.
4. Click on the link in the email, you will be taken to a log on page where you can create your password. Please note your user name.
